

“Sterk, van bodem tot bol”

Weerbare uienteelt

Weerbare uienteelt

- Bredere systeembenadering:

2020 t/m 2022

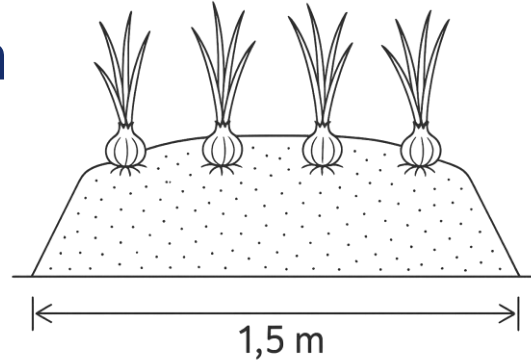

juli, 2022

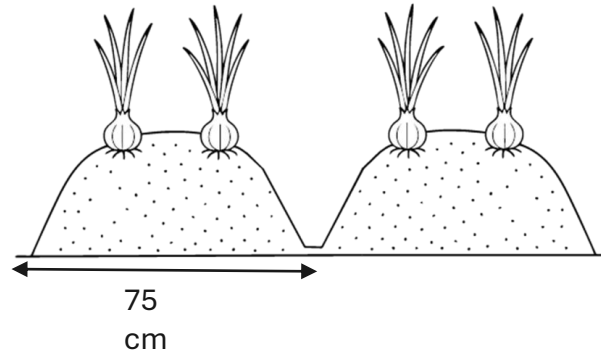

Augustus, 2023

Teeltsystemen

- Verhoogde bedden

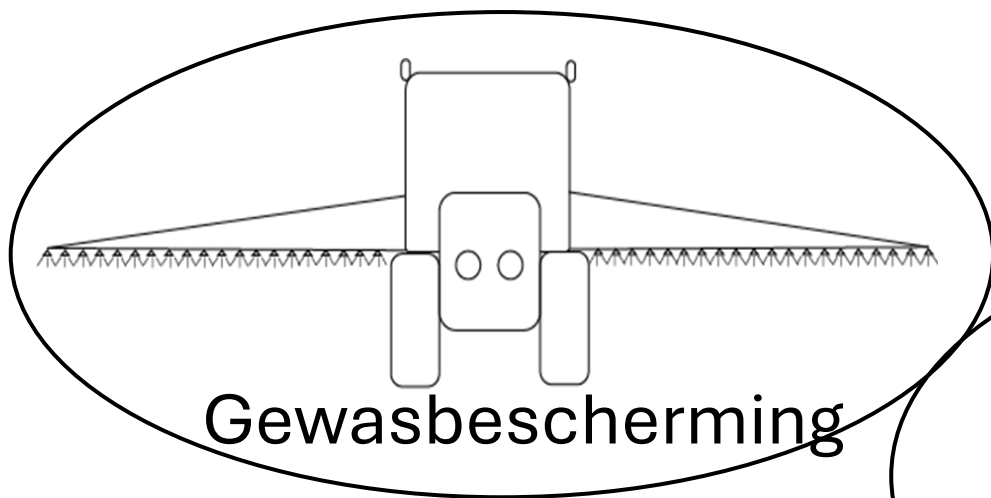

- Ruggen

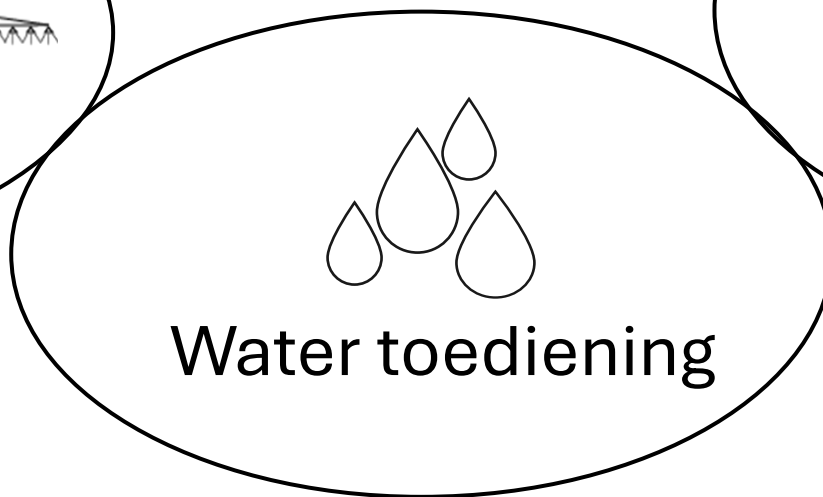

2021 (2025) --> 50cm witlofruggen

Welke keuze zou u maken?

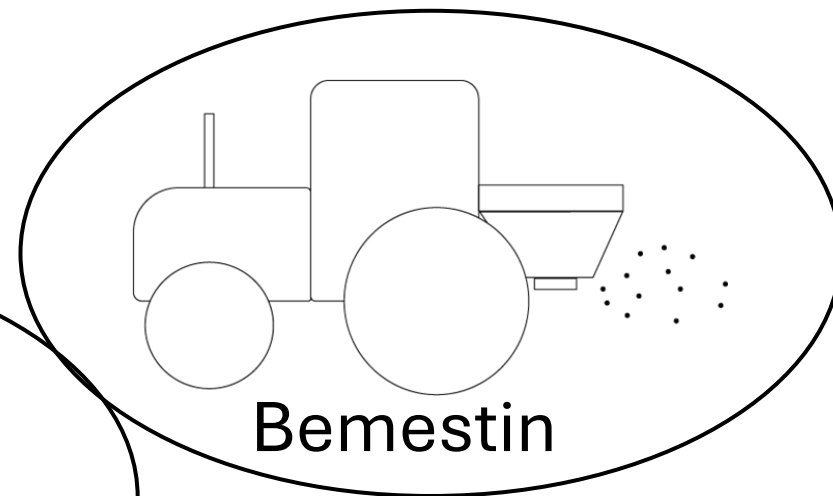

Teelttechnische aspecten

Gewasbescherming

Water toediening

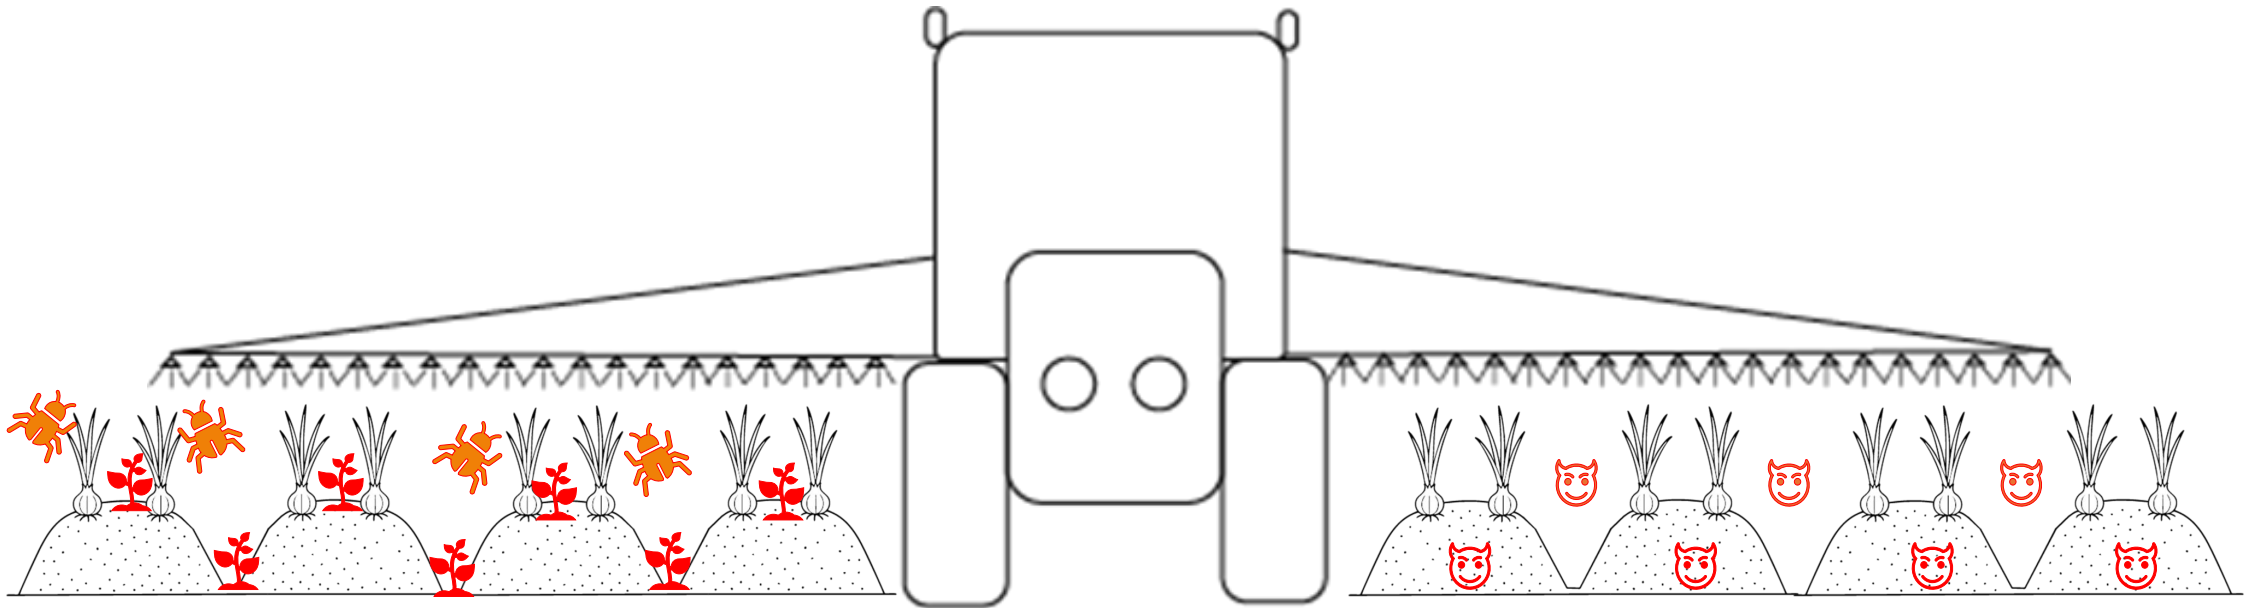

Bemesting

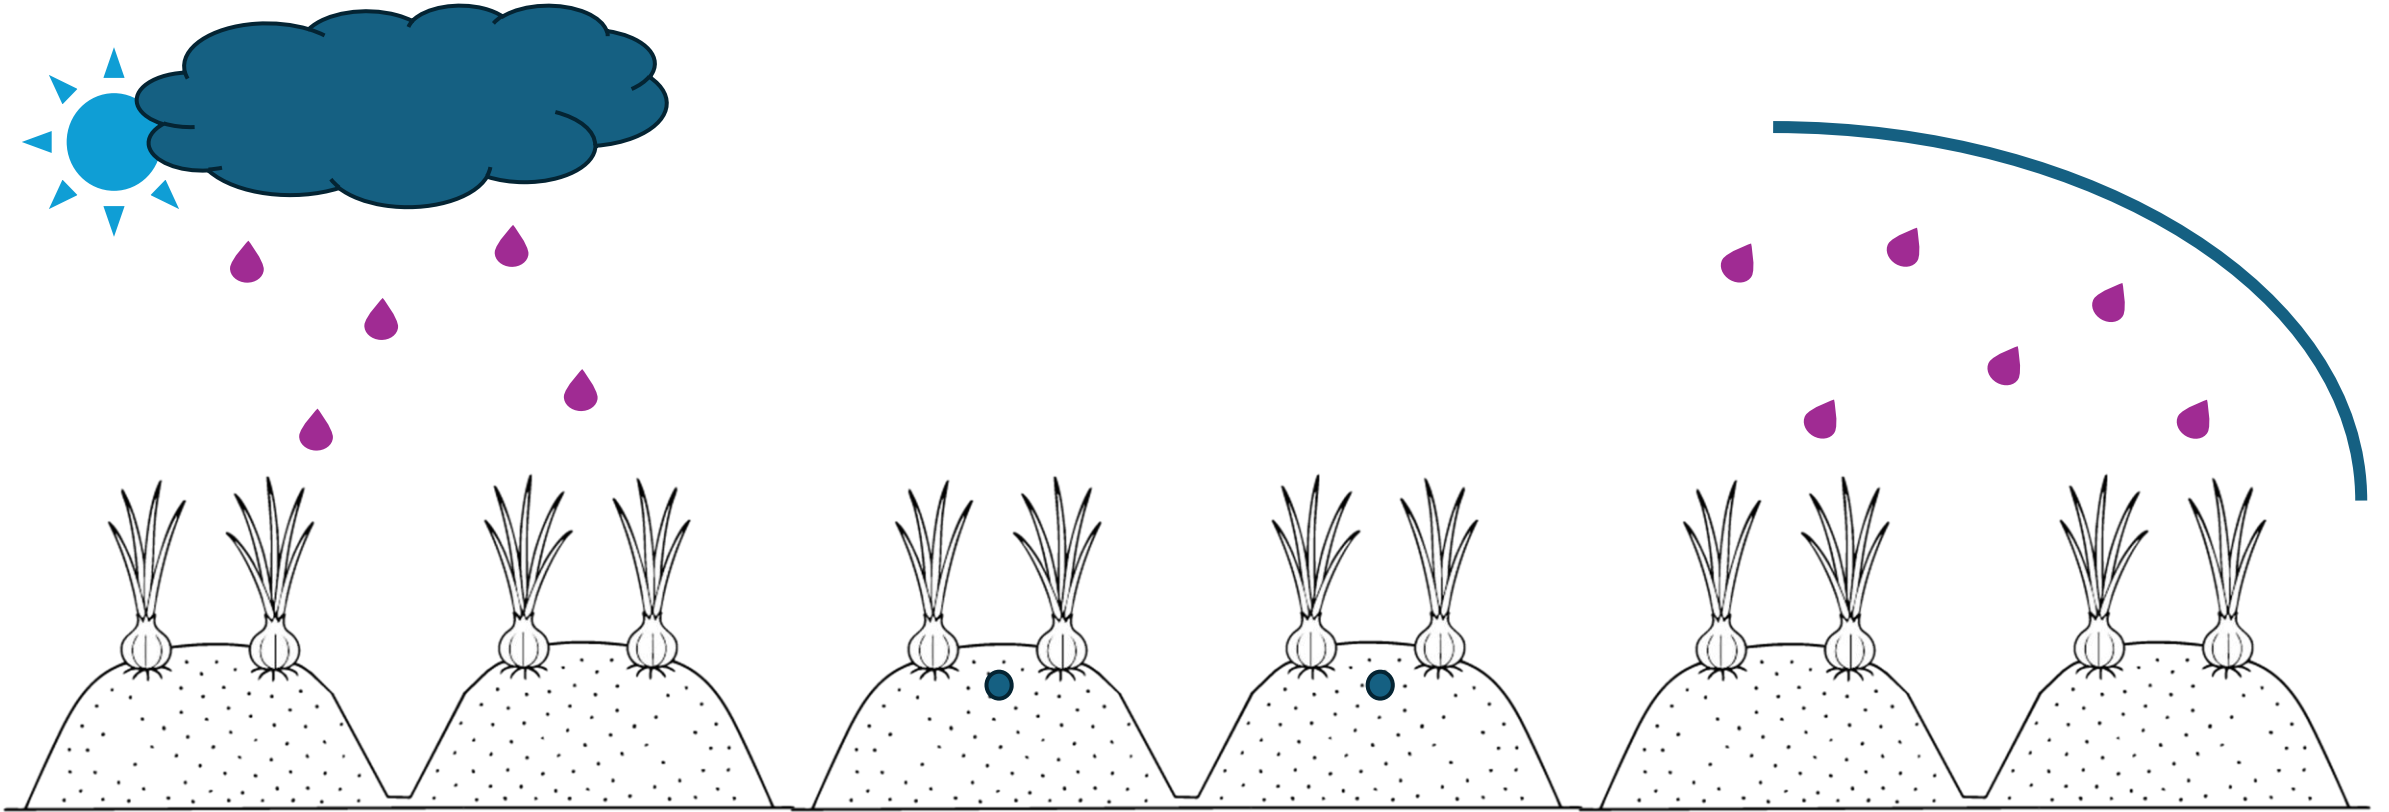

g

Zou u kiezen voor een ander teeltsysteem vanwege:

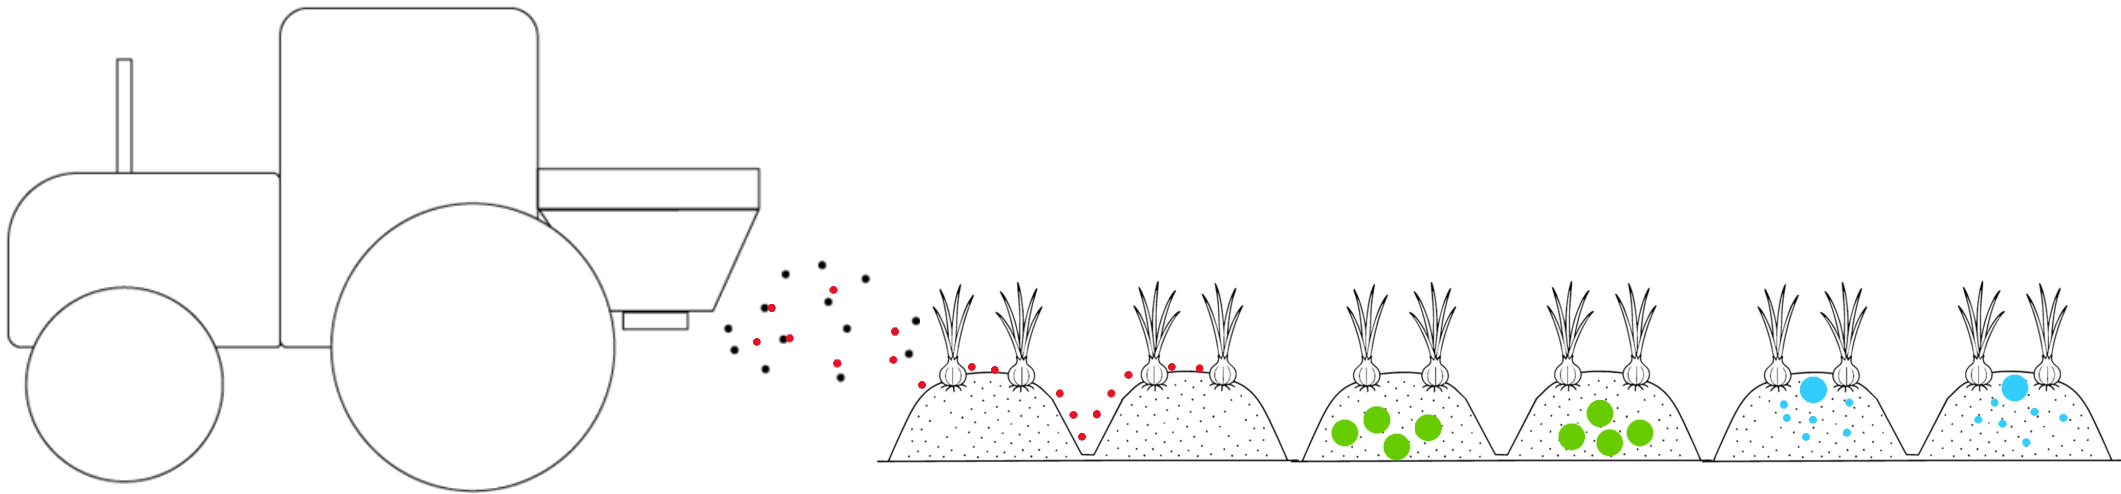

Wegvallende gewasbescherming

Efficient beregenen

Het gebruik van bemesting te minimaliseren

En hoe gaat dat dan met rooien?
