Nettle 
Project

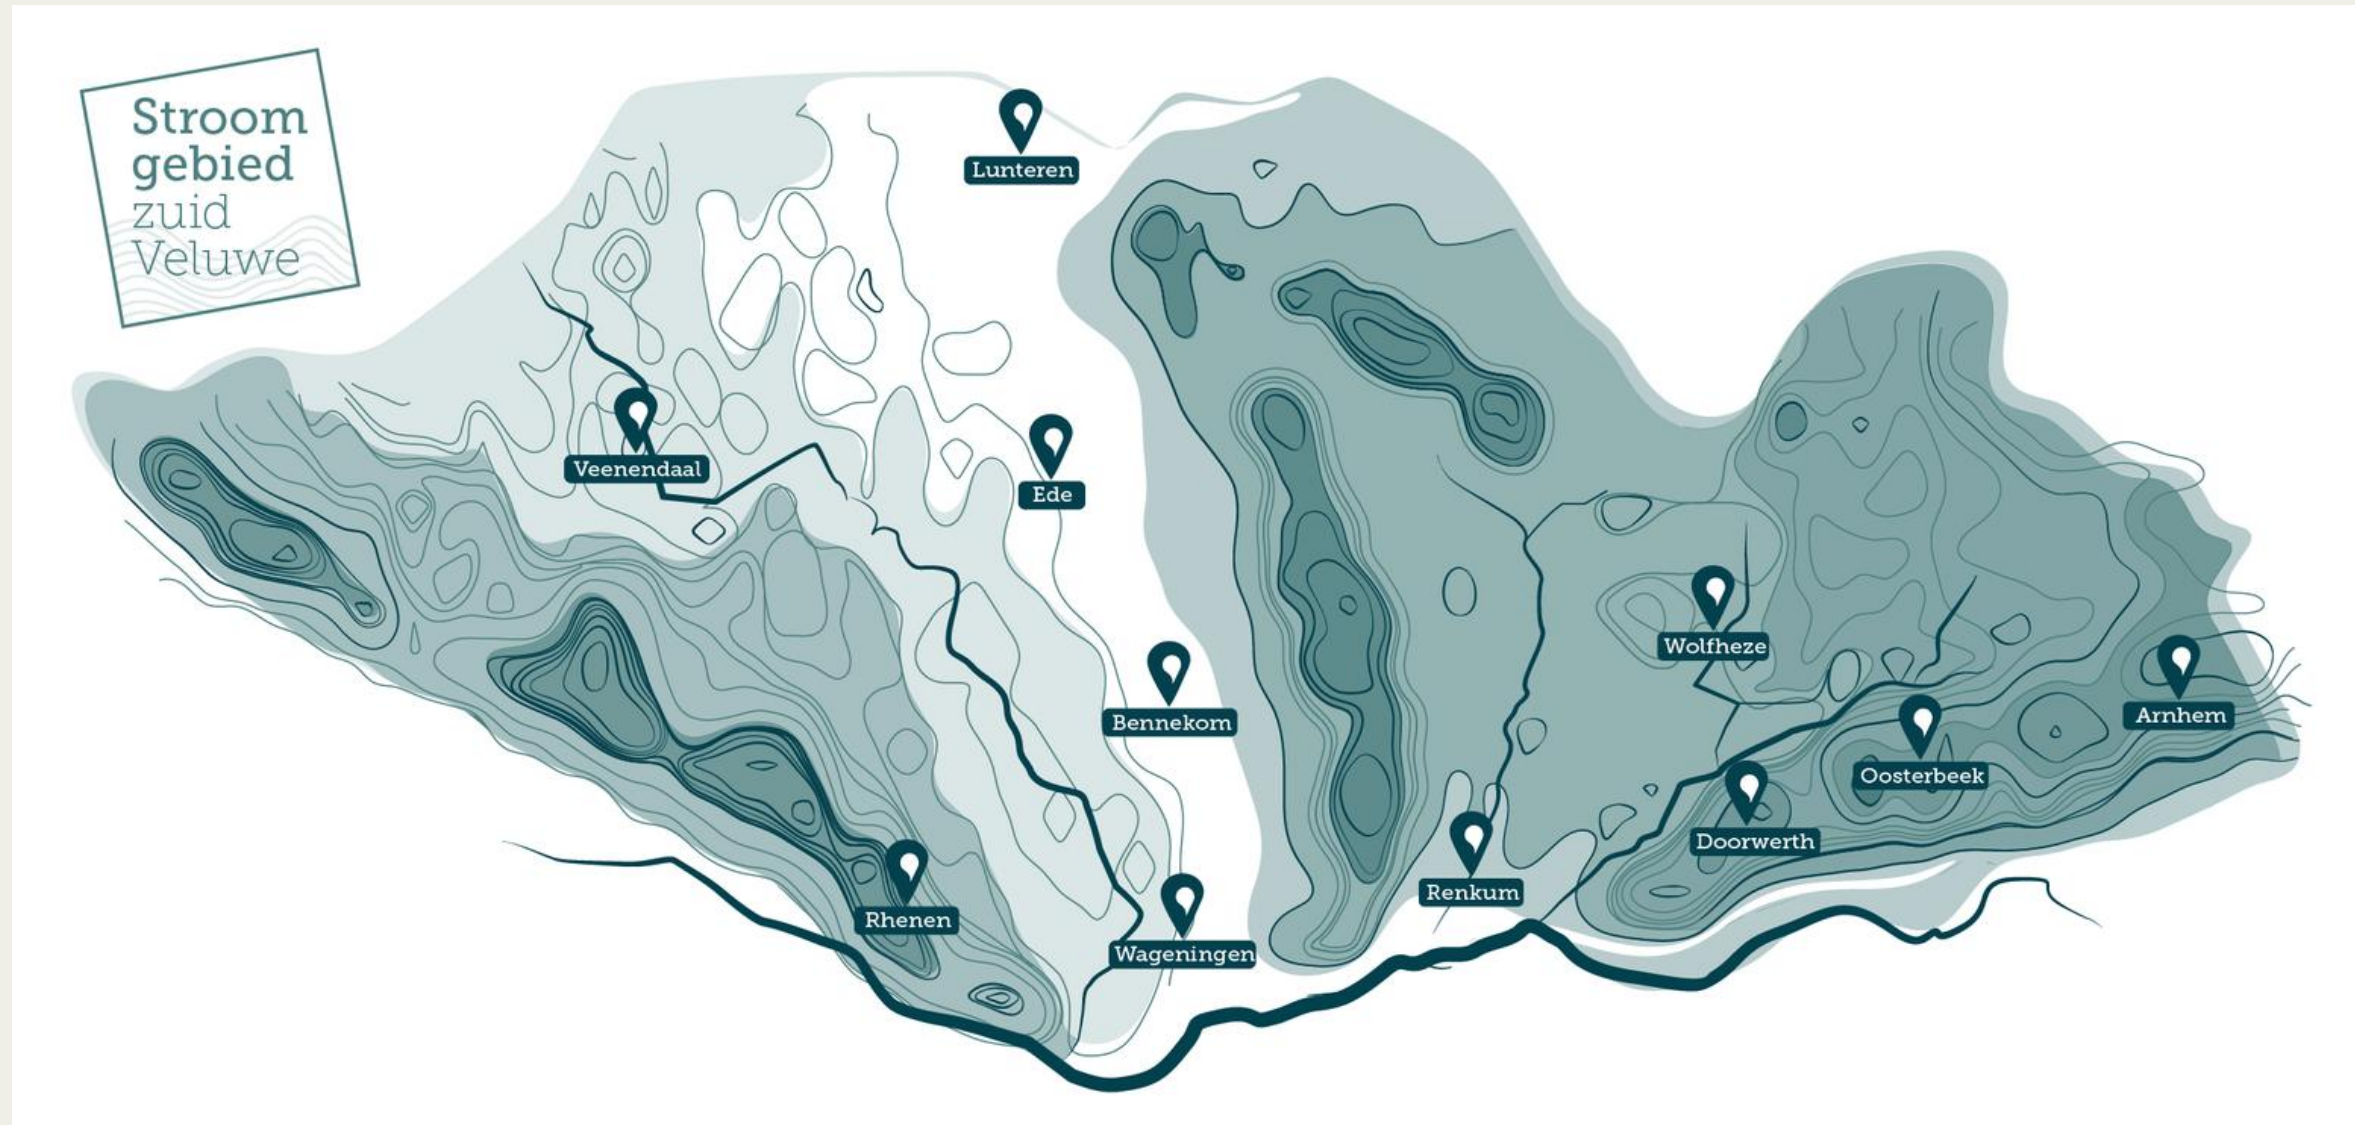

How it started

1. Can we create a business case of stinging nettle for sustainable textiles?
2. How can stinging nettle be a profitable, sustainable crop for farmers?

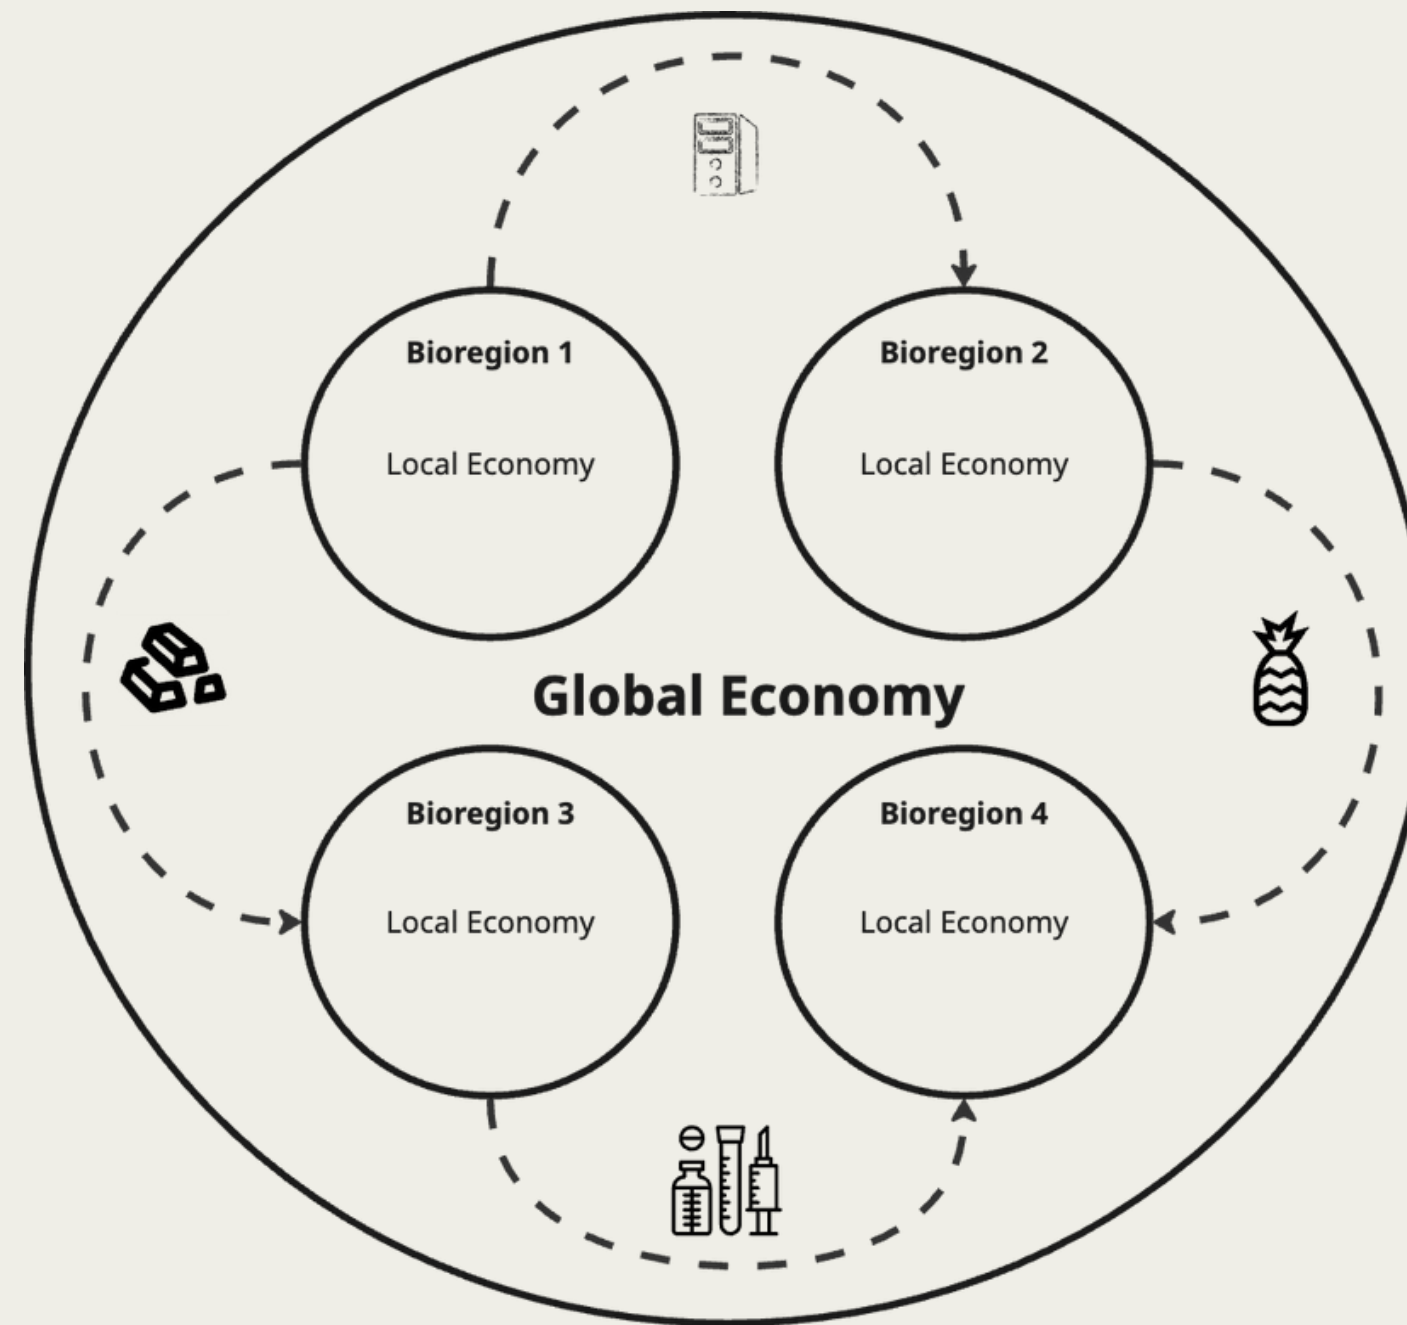

But what is sustainable, Ecopolis?

But what is sustainable, Bioregion?

From theory to practice: Bioregional Economy

From theory to practice: Bioregional Economy

- Create local supply for local demand
- Real world business case, get the numbers right
